- **Dave & Dave knew what they were good at & what they liked doing**
- **An awareness of the the multi-disciplinary nature of the invention**
- **A champion/angel built the right network**
- **There needed to be a range organisational competences onboarded**
- **A strong, engaged & constructive board**
- **A powerful network of likeminded entrepreneurs & technologists**
- **The result of these awareness's has been the building of a world class team**
- **Leading to a global leading offering &**
- **A surprisingly “un-grumpy” teenager**

Thank you
